

A Field Production &
Post Production Team

OVERVIEW

Since 2017, M&E Films has been a trusted video production partner, delivering high-quality video services for businesses, agencies, and global brands. With extensive cross-genre production experience including Live TV, film, documentary, and commercial video production, we operate as a fully capable two-person team, managing entire productions independently or seamlessly integrating with larger creative teams.

APPROACH

We integrate seamlessly with your existing creative resources, on-location or remotely.

Our work is characterized by:

- Multi Camera cinematic interviews
- Immersive cinematography
- Seamless editing techniques
- Engaging sound design
- Thoughtful, impact-driven narratives
- Research-based audience targeting

FOCUS

- ▲ Interview and Documentary
- ▲ Shortform and Longform Storytelling
- ▲ Branded & Editorial content
- ▲ Explainer & Investigative Journalism
- ▲ Multimedia Reporting
- ▲ Ethically Driven Partnerships

DIFFERENTIATORS

- Personal and dedicated service from initial concept to final delivery
- Commitment to ROI and audience impact
- Cost-effective solution compared to larger production teams, while providing the same quality
- Consistent, detail oriented vision throughout the project production
- Extensive experience in humanitarian and ethical storytelling
- Travel-ready team equipped for global projects
- Long-term partnership approach
